Romans 5 : 1 – 5

The love of God the Father, shown in Jesus Christ his Son, is brought to us by the Holy Spirit. So we can have peace and hope by our faith in the Holy Trinity.

John 16 : 12 - 15

In his final teaching to his disciples, Jesus tells the deep truth of God as a trinity in unity. Whatever belongs to Jesus also belongs to God the Father, and this is revealed to us by the Holy Spirit.

FOR YOUR PRAYERS

- We continue to pray for the situation in Ukraine; for all those suffering physically, emotionally and mentally; and for the leaders of Russia and Ukraine for a solution to be found to bring peace; for blessed are the peacemakers.
- We pray for those tasked with finding a new Bishop for our diocese as they begin the process of matching the needs of the diocese and the right person to pursue them with us. For Bishop Mark as he continues to lead us at this time. Also for those tasked with finding a new priest for our parish.
- We pray for our nation following the Jubilee celebrations; for a continuing awareness of our dependence on each other; and be mindful of all who are in need, poverty or distress; and for the work of food banks and other voluntary organisations.

THIS WEEK'S ECO TIP

Keeping Our Homes Clean, cont.

The idea of buying larger amounts of cleaning products (usually available in 5 Litre containers) to refill one's own spray bottles etc was considered in last week's tips. Reputable companies which readers may like to consider are Bio D (available from Traidcraft, magazines at the back of church, Sue Wiltshire is happy to order for you to save postage), Ecozone and Ecover. These companies use recycled plastic in their packaging which is much less likely to be the case than when purchasing from the supermarket shelf. The Big Green Smile website is well worth looking at as it offers a huge collection of brands 'under one roof' as it were. Cleaning, beauty, baby care products are all there, as well as degradable plastic bags, bin liners cling film etc.

Using just a little less of everything, from washing up liquid to shampoo, from window cleaner to laundry detergent, is the first and easiest thing to

do when trying to save on plastic and will also help with the wider environmental issues of energy used during production, impact of ingredients of our water systems etc. **And, as with so many other 'do's and don'ts' it is a little easier on our pockets! :)**

NATIONAL CHURCHES TRUST

As St Michael's benefitted from a grant of **£10,000 towards the Tower Project from the National Churches Trust**, we are committed to asking our parishioners (at least 3 members) to join the Friends of the Trust at an annual subscription of £30 for a minimum of 3 years. If you are interested in discovering all that the Trust does to help preserve the heritage of the Nation's churches, please contact Jean Darby for details of how to become a Friend.
